

Steve Pompilio, PT

Steve Pompilio has been a physical therapist for 29 years and has worked with amputees from the beginning starting in Acute care, inpatient, and now in outpatient care for the past 26 years. He has been a P.T. consulting/coordinating part of a dynamic team of Doctors and Prosthetists within Brooks Rehabilitation for past 20+ years currently helping other P.T. therapists learn the intricacies of amputee rehabilitation; as well as working full-time as a clinician working a full caseload of amputee patients everyday.

He is tireless in his commitment to this patient population and advancing future clinicians to higher standards of care for the amputee community. He has lectured on numerous occasions on amputee rehabilitation to patients, prosthetists, doctors, and physical therapists to help improve overall outcomes.
